

## MIDDLE LEADER PROGRAMME AT BELLEVILLE

This programme is recommended for teachers with some leadership experience, and are looking to develop their personal and professional leadership skills towards leading a team.

This bespoke and successful Middle Leader programme has been in extremely high demand since it began in 2013. The programme offers practical support and advice for leaders, using meaningful tasks and professional learning communities to explore and reflect upon the complex role of the middle leader.

By the end of the course, participants will have developed a clear evidence-based improvement plan for their area of responsibility. It also offers opportunities to develop skills in analysis, strategic planning, and working with others.

**The programme consists of three one-day sessions, focusing on key topics such as:**

- Understanding the roles and responsibilities of a middle leader
- Developing targets related to the school improvement plan
- Understanding leadership styles and behaviours
- National priorities, including Ofsted and evidence-based research
- Collecting, analysing and presenting evidence
- Establishing positive relationships
- Courageous conversations
- Coaching
- Strategic planning tools and improvement planning

	Autumn
