Dear Parents and Carers,

The House system has been a great success since we introduced it in September. All of our reward system in the school - for children demonstrating Excellent Learner attributes and our CARE values - is based around it and we celebrate every week the House that has been awarded the most points.

A next step is, that we now have House colour T-Shirts as part of our school uniform. The children are very proud of their House and this will be another chance to display that during their PE lessons. This change is part of our wider plan for PE and Sport at the school and we will have an exciting announcement soon regarding new PE facilities for next academic year.

Have a lovely weekend and we look forward to seeing the new PE t-shirts being worn soon.

Science Poster Competition

Very well done to all the winners of Belleville's Science Week poster competition, which was announced last Friday during achievement assembly. Winners received their science certificate and a special science prize. The judges were very impressed with the children's creativity, science knowledge and how well they linked their ideas to the theme "time". Well done to all the children who entered the competition too, it was fabulous to see so much effort across all year groups!

Eco-Council – Earth Day

To mark Earth Day earlier this week, members of our Eco-Council have been busy planting seeds.

Nursery Update

This half term, Nursery are boldly going where no Nursery children have been before... Space! The children have transformed into astronauts and explored outer space using our small world rocket ships and planets. They have developed their creativity skills by moulding the Moon out of salt dough and constructing their own mini lunar landers from a variety of resources.

In Maths, they have practised their number recognition to 5 by building corresponding rockets out of cubes. This week, in Literacy, the children have continued with their phonics programme with the 'O' sound. They made an octopus to represent this sound, and which can also be used to revise the sounds learnt so far. We also invited some of the parents to join our Nursery sessions by sharing their own story books with the children.

We would also be grateful for volunteers to help at the event to help make this a bigger, more engaging experience for the children. It could be giving an hour of your time to help with hosting the non-alcoholic bar, the kids crafting/colouring area, the fruit/snack area, or the story corner. If you can help at all, please do get in touch via hello@bellevillepta.org. Thank you.
